Cottbus, Germany

Zend Certified PHP Engineer and PHP/Laravel Web Developer with professional experience developing and maintaining PHP, MySQL, WordPress, and responsive web applications. Built six portfolio systems with Laravel, React, and WooCommerce, covering authentication, role-based access control, CRUD workflows, dashboards, reporting, audit logs, testing, and documentation. Experienced in database design, REST API integration, Git/GitHub workflows, hosting, deployment, and application troubleshooting, with supporting knowledge of Linux and enterprise infrastructure.

CORE WEB DEVELOPMENT SKILLS

Web Development	PHP, Laravel 12, WordPress, WooCommerce, MySQL, JavaScript, jQuery, React, HTML, CSS, Bootstrap 5, Responsive Web Design
Laravel Backend	MVC, Authentication, Role-Based Access Control, CRUD Workflows, REST API Integration, Reports, Audit Logs, Testing, Documentation
Databases & Tools	MySQL, PostgreSQL, Oracle Database 12c, SQL, Git, GitHub, Composer, NPM, Docker, cPanel, VS Code

WORK EXPERIENCE

January 2010 April 2019	Web Developer CREbsol Ltd, Dhaka, Bangladesh - Developed, maintained, and enhanced PHP and MySQL websites and web applications for client and business requirements. - Built responsive interfaces with HTML, CSS, JavaScript, and jQuery, and customized WordPress themes, plugins, content structures, and client-facing features. - Designed and maintained MySQL schemas, queries, indexes, backups, and application data. - Managed cPanel hosting, domains, DNS, email, FTP/SFTP, deployment, testing, debugging, and ongoing maintenance with clients, designers, and internal teams. PHPMySQLWordPressHTMLCSSJavaScriptjQuerycPanelGit
March 2022 December 2022	Technology Specialist Tech One Global Ltd, Dhaka, Bangladesh - Implemented and maintained Active Directory, Exchange Server, DNS, DHCP, file and storage services, Hyper-V failover clusters, and SQL Server cluster environments. - Provided L2/L3 troubleshooting, root-cause analysis, incident resolution, proof-of-concept environments, technical demonstrations, and production documentation. Windows ServerActive DirectoryExchange ServerDNS/DHCPHyper-VSQL ServerPowerShell
August 2019 August 2021	Technical Support Executive & Instructor Linux Pathshala Ltd, Dhaka, Bangladesh - Installed, configured, maintained, and troubleshoot Red Hat Enterprise Linux systems, web hosting, DNS, FTP/SFTP, Apache, Nginx, networking, and security controls. - Delivered RHCSA/RHCE training and hands-on labs covering SELinux, firewalls, web and file services, SSH, and shell scripting. Red Hat Enterprise LinuxBashApacheNginxSSHSELinuxFirewalld

EDUCATION

Ongoing Oct 2023	M.Sc. in Cyber Security Brandenburg University of Technology Cottbus-Senftenberg, Germany
Dec 2021 Jan 2017	B.Sc. in Computer Science and Information Technology Primeasia University, Dhaka, Bangladesh

WEB DEVELOPMENT PROJECTS

- Cyber Security Incident Management - Laravel** GitHub Repository
Built an incident lifecycle platform with RBAC, incident assignment, IOC and evidence tracking, response workflows, dashboards, security reports, audit logs, tests, and documentation.
Laravel 12 PHP 8.x MySQL Bootstrap 5 DataTables
- Applicant Tracking System - Laravel** GitHub Repository
Built a recruitment workflow application for jobs, applicants, hiring stages, interviews, offers, dashboards, reports, audit logs, testing, and documentation.
Laravel 12 PHP 8.x MySQL Bootstrap 5 DataTables
- E-Commerce Platform - Laravel and React** GitHub Repository
Built a full-stack storefront with product catalog, cart, checkout, orders, coupons, reviews, customer workflows, administration features, reports, tests, and documentation.
Laravel React PHP MySQL JavaScript
- Human Resource Management System - Laravel** GitHub Repository
Built an RBAC-secured HR operations system for employees, departments, attendance, leave, payroll, dashboards, reports, tests, and documentation.
Laravel 12 PHP 8.x MySQL Bootstrap 5 DataTables
- Warehouse Management System - Laravel** GitHub Repository
Built an inventory application for products, categories, suppliers, warehouses, stock workflows, purchase orders, reports, audit logs, exports, tests, and documentation.
Laravel 12 PHP 8.x MySQL Bootstrap 5 DataTables
- WooCommerce Store - WordPress** GitHub Repository
Built a WordPress store with product catalog, categories, coupons, reviews, checkout configuration, order workflow, custom storefront styling, and project documentation.
WordPress WooCommerce PHP MySQL JavaScript

SUPPORTING SKILLS

IT Infrastructure	Linux, Red Hat Enterprise Linux, CentOS, Ubuntu, Windows Server, Active Directory, DNS, DHCP, Apache, Nginx, SSH, Hyper-V, VMware, PowerShell, Bash
Security & Cloud	Web Application and Network Security, SELinux, Firewall Configuration, Wireshark, Incident Handling, OWASP Fundamentals; AWS: EC2, S3, RDS, VPC, Route 53, IAM
Programming Languages	PHP, JavaScript, Python, SQL, C, C++

CERTIFICATES

Red Hat Certified System Administrator (RHCSA) • Red Hat Certified Engineer (RHCE) • Zend Certified PHP Engineer

LANGUAGES

English - Professional (C1) • German - Elementary (A2)
